Interfuse Power Outage 12/03/2020

2021-03-12 - Support - Comments (0) - General

Dear Customers

There is currently a network outage from our mast at Intrefuse that could be affect the broadband connection for East Goscote, Rearsby and Gaddesby due to the severe weather earlier this morning . We currently have an engineer out on sight to get this back up and running as soon as possible. We apologise for any inconvenience this has caused.
