Main Link - Outage Syston - 24/11/21 10.41am

2021-11-24 - Support - Comments (0) - General

Dear Customers

We are currently experiencing continuing issues with the main link in Syston affecting customers locally. The engineers had got this resolved however the main link has had a few more issues resulting in drop outs in connection. We are aiming to have this resolved by lunchtime and again apologies for the interence caused.

Kind Regards

Gigabair Support
