Network Disruption Due Severe Weather Conditions - 20/06/23

2023-06-20 - Support - Comments (0) - General

Dear Customers

As you are aware we are currently experiencing heavy rainfall which will cause some disruptions to the network. You may experience some speed degradation or minor drop outs in connection. We are keeping a close eye on all the main links and will keep you updated if there are any significant outages.

Kind Regards

XPON Support
