Network Dropouts - adverse weather - 07/07/2021

2021-07-07 - Support - Comments (0) - General

Dear Customers

We understand a few customers having been having network dropouts today and we apologise for this but it is down to the sporadic rainfall that is causing these short outages. We are monitoring the network at all times and are trying to get customers back online as quickly as possible when a dropout occurs.

Kind Regards

Gigabair Support
