Network Outage - Electrical works at Mast affecting Network - 21/11/22

2022-11-21 - Support - Comments (0) - General

Dear Customers

There is currently a network outage due to electrical issues at one of the masts that is affecting the whole network. The engineers are working there hardest to get this resolved with the outside company that are working on the electrics. We apologise for the inconvenience this may have caused.

Kind Regards
