Network Outage ST Georges Tower - 18/01/23 UPDATE* BT LINES DOWN

2023-01-18 - Support - Comments (0) - General

Dear Customers

We have just recieved news regarding the network outage at St Georges Tower affecting customers in the city centre, Bradgate Park, Narborough Wood Park, Troon Industrial Estate, Groby and more. BT are experiencing a major network outage affecting our lease lines we have in place. Unfortunately this is something that is out of our control. We hope that BT are back up and running as soon as possible.

Kind Regards

Gigabair Support
