Network Outages - Sporadic outages affecting the network - 20/07/2023

2023-07-20 - Support - Comments (0) - General

Dear Customers,

We are currently experiencing sporadic outages affecting a large portion of the network over the last 24 hours. We have our engineers on their way to site to identify the cause of the outages. We apologise for the inconvenience caused and will update you further once we have identified the source.

Kind Regards

XPON Support
