Power Outage ST Georges Tower - 18/01/23

2023-01-18 - Support - Comments (0) - General

Dear Customers

There is currently a power outage at ST Georges Tower our main site affecting a majority of customers in the city centre, Bradgate Park, Narborough Wood Park, Troon Industrial Estate, Groby and more. We have sent our engineers out on site to find the cause of the issue and get this back up and running. We apologise for the inconvenience and aim to get the power back up and running as soon as possible.

Kind Regards

Gigabair Support
