Ridgefarm - Cable Repair - 29/10/2019

2019-10-29 - Support - Comments (0) - Maintenance

Dear Customers

This afternoon customers may experience some issues with their broadband connection in the Ridgefarm Area, This is due to a cable repair that will take place. The system should go into back up mode so speed might be slower than usual. We apologise for any inconvenience this may cause and hope to have this fixed between 30 minutes to 1 hour.

Kind Regards

Gigabair Support
