Storm Eunice - Disruptions to Network - 18/02/2022

2022-02-18 - Support - Comments (0) - General

Dear Customers

Please be aware that you may experience lower broadband speeds or some network dropouts due to the severe winds that storm Eunice is causing. We are keeping our eyes on the links to various sites and will try to correct any issues that may arise.

Kind Regards

Gigabair Support
