Troon/Birstall Network Outage - 07/10/2021 - ETA 2-3 Hours

2021-10-07 - Support - [Comments \(0\)](#) - [General](#)

Dear Customer

We have just had confirmation that the cause of the Troon/Birstall network outage is due to a fibre break. The engineers are currently working to correct the issue and may take 2-3 hours to get this fixed.

Again apologies for the inconvenience this has caused.

Kind Regards

Gigabair Support
