Troon Industrial Estate Mast - Radio Upgrade - 18/04/24

2024-04-18 - Support - Comments (0) - General

Dear Customers,

We would like to inform you that our engineers have identified some issues with one of the radios at Troon Industrial estate mast. Some upcoming upgrades are scheduled to take place either this afternoon or tomorrow afternoon to resolve this issue but whilst this work is being carried out there may be some packet loss and interruptions to VoIP calls. We appreciate your understanding and patience whilst this work is being carried out.

Kind Regards

XPON Support
