Troon Network Outage - 04/05/2021

2021-05-04 - Support - Comments (0) - General

Dear Customers

There is currently a network outage affecting all Troon Industrial estate due to the weather conditions, We have an engineer on the way to the site to get it back up and running. We believe the outage has been caused due to a blown SFP in the system. We hope to have this resolved in the next hour.

Apologies for any inconvenience this has caused.
