UPDATE - Troon Industrial Estate Mast - Radio Swap - 19/04/24

2024-04-19 - Support - [Comments (0)](#) - [General](#)

Dear Customers

Our engineers have conducted the swap out of the radios however there is still ongoing issues they are working on to resolve. They will be working on this for the rest of the day but you may experience intermittent drop outs and packet loss whilst they carry one working.

Kind Regards
