Weather Disruptions - East Gostcote/ Rearsby 08/02/24

2024-02-08 - Support - Comments (0) - General

Dear Customers,

Due to the current weather there will be some slower speeds or there may be some small outages with your connection. We are doing everything to maintain speeds and limit network drop outs until the weather has improved. We have had reports from the East Gostcote / Rearsby area that are experiencing these current issues. We appreciate your patience at this time and sorry for the inconvenience .

Kind Regards

XPON Support
